Test Engineer with hands-on experience in Linux environments, Python scripting, automation, and Android device tooling. Currently working at Samsung Electronics on internal automation tools that streamline device configuration and testing workflows across teams. Interested in infrastructure, CI/CD, cloud technologies, and automation-driven engineering. Outside of work, I enjoy self-hosting and experimenting with home server/cloud solutions, and recently achieved a personal milestone by running my first marathon.

Experience

Samsung Electronics Poland - Test Engineer

05.2023 – present

- Developed internal **Java/Python** tooling for automated flashing and configuration of Android devices
- Automated device environment setup using shell scripts, batch scripts, and **ADB/Fastboot** commands
- Working daily in **Linux** terminal environments for testing, scripting, log analysis, and debugging
- Using **Git** for maintaining test-related files and configurations
- Working with **Jenkins**-based test workflows and analyzing test outputs/logs
- Performing LTE/5G, Wi-Fi, and Bluetooth functional and performance testing in lab and across Europe
- Creating bug reports and technical documentation in **Jira** and **Confluence**
- Tracking and analyzing test execution and coverage using **qTest**

Tech: Python, Java, Linux, Bash, Git, Jenkins, Android Debug Bridge, Fastboot, SQL, Jira, Confluence, qTest

Lionbridge Poland - Manual Tester

08.2022 – 04.2023

- Created and tracked bug reports in **Azure DevOps**
- Used Azure DevOps query tools for test and issue tracking
- Collaborated with development teams by providing gameplay and quality feedback

Projects / Homelab

- Self-hosted home server environment on Linux mini-PC hardware (private cloud)
- Experimented with cloud services and virtual machines in AWS
- Explored local AI/LLM setups and automation workflows in Linux environments

Education

Opole University of Technology (2015 – 2019)

Civil Engineering and Architecture

Courses

AI_devs 3 (05 – 06.2025)

Autonomous Agents and Generative AI Course

Samsung Internal Trainings

Java / Python / SQL

Sii Java Training (04 – 06.2022)

Java Developer course

ISTQB (04.2023)

Certified Tester Foundation Level
